

Home Dashboard

This will provide you with a more detailed understanding of the dashboards and the required information for an accurate population of information on the dashboards. Each dashboard panel has an information icon, this is provided on each panel with a description of what is included on the displayed panel. Additional icons will be provided to the user on select dashboards, hover over the icon to display the definition the icon function. Click on the icons to perform the action or function.

Note: Employee Permissions will apply with the function/action of icons such as Print and Export. The Administrator manages these permissions within the Employee information in your database. Employee Permissions are located at Settings→ System Setup→ Employee, Permissions.

Home Dashboard

The 'Home' dashboard provides you the opportunity to view the Job Summary, Job Progress Summary, Task and Actions, My Tasks Due, Equipment Summary & Sales/Estimates. These panels are selected by the user to display, the system default is to display all panels.

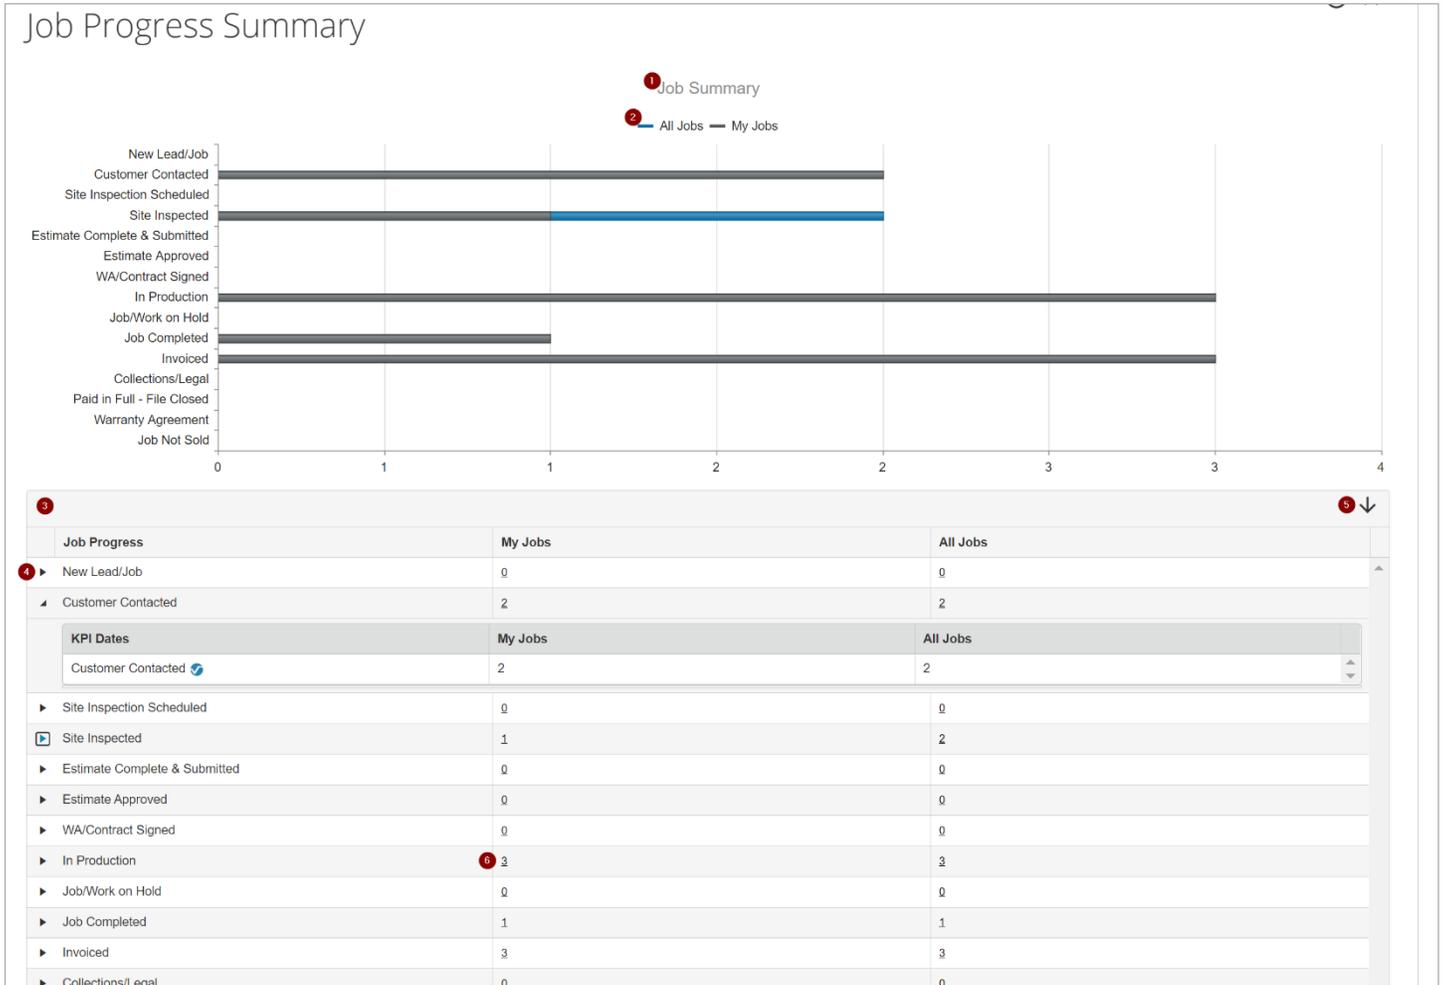

1. Click on the pulldown and select the panel title to hide or show, any items that are light grey are showing, any items dark grey/black are hidden from the users view. The panel will remain hidden until the user selects it to appear from the pull down in the upper right corner of the dashboard screen.
2. Information Icon - Click on this icon to review the information displayed and any requirements that are necessary to populate data on this panel.
3. To hide a displayed panel, click on the X next to the information icon.
Note: The Home dashboard is the only dashboard that has the function to hide panels.
4. The Job Summary provides the user with the average age of open jobs, number of jobs closed in the past thirty (30) days. These numbers are separated by individual user (My Jobs) and the entire company (All Jobs).

Home Dashboard

Job Progress Summary:

1. Job Progress Summary 'Chart' – provides the at a glance view to the user to convey the number of jobs in each Progress level without drilling further into the Progress level. The user may opt to hover the cursor over the chart line, a popup with the total number of jobs in that Progress level will appear.
2. My Jobs/All Jobs Legend - The grey line will denote 'My Jobs' and the blue line denotes 'All Jobs'.
3. Job Progress 'Grid' includes active jobs sorted by job progress and the number of jobs in that progress level. These jobs are further separated by the individual logged in (My Jobs) and the entire company (All Jobs).
4. Expand Row Icon - Click on the ► symbol next to the Progress to view only that Progress row KPI Dates.
5. Expand All Icon - Click on the upper right-hand ↓ symbol to 'expand' all Progresses for viewing. KPI Dates that display the Xactware icon indicate that there are active jobs that have a direct correlation with the Send Job to Xactimate or XactAnalysis.

Note: Expansion of Job Progress is controlled by the Administrator. Go to Settings→System Setup→Settings→Various Lists→Loss Settings→Loss Date Rules, check mark 'Enable Loss Date Rules'

6. Click on the underlined number to open the View Job List to manage the list of jobs in that Progress.
